The Company is authorized to deal as an agent and as principal by arranging deals and dealing in Contract For Differences (“CFDs”).

This Professional Clients Disclaimer (the “Policy”) sets out essential information for Retail Clients who request to be classified as Professional Clients. The Policy needs to be read and understood in totality, while for any inquiries, you may contact support@capital.com. Furthermore, the Policy includes the application process in Section 3.

Retail Clients may be classified as Professional Clients when they meet at least two (2) of the three (3) following criteria:

- The client seeking professional status has carried out transactions, in significant size, on the relevant market at an average frequency of ten (10) per quarter over the previous four (4) quarters;
- The size of the financial instrument portfolio of the client seeking professional status, defined as including cash deposits and financial instruments, exceeds USD 500,000;

Regarding the SCB Regulations, we can assume that professional clients have sufficient knowledge, experience, and expertise to make their own investment decisions and understand the risks involved in trading with CFDs.

As a Professional Client, you are responsible for informing us about any change which could affect your current classification. In case of such a change, please notify us in writing at the following e-mail address: support@capital.com or notify your dedicated account manager. We will take appropriate action if we become aware that you no longer fulfil the initial conditions that made you eligible for Professional Client status.

You are entitled to demand at any time another classification, e.g., be re-categorized as a Retail Client and receive higher protection regarding the SCB regulations (see Part 2 below). In this case, please notify us in writing at the following e-mail address: support@capital.com or notify your dedicated account manager. Such re-classification becomes effective after such a request has been received and acknowledged by the relevant officer of our Compliance Department. For the avoidance of doubt, such requests cannot be retroactively applied to trading transactions that have taken place before we have formally received and acknowledged such requests.
