How to set up Capital.com (FSA) MT4 on Mac

- 1. Download <u>MetaTrader4.dmg</u> package.
- 2. Install it.

To install this software, drag the icon to your Applications folder (or whatever folder you want). After installation, feel free to remove the install disk or disk image.

- 3. Launch MetaTrader4 on your mac. If the app will ask you to install the Wine, then click on the Install button.
- 4. Click on "add new broker like ... "
